Week 1 (20.4.20) - Year 2 Home Learning

Dear Year Two,

We hope you managed to have as much fun as possible over the Easter break, I know it wasn't the same as we would have liked! We hope you have been keeping safe and helping out your family around the house too.

We're missing you very much, and can't wait to call you again on Wednesday to hear how you've been getting on!

This week:

In **Maths**, it will be continuing with fractions and then moving onto measurement. For each activity sheet, there is a mini- lesson for you to watch before you start and then the answer sheet for you to check your answers afterwards at the following website: https://whiterosemaths.com/homelearning/year-1/

For **English**, for this week, you will be researching animals within our new topic! You will be writing acrostic poems and building up knowledge through research.

For **Spelling** and **Reading**, please continue to practice your child's common exception words, spelling shed and regular reading of their school books. Additionally, there is now a reading plan scheduled and uploaded onto our Google Classroom.

For **PSHE**, you will be looking into how we have grown up and change over the years, and begin to understand how we will grow up in the future.

Please remember that you have access to lots of online resources, like:

Phonics Play, Teach Your Monster to Read, Spelling Shed, Numbots, Read Theory and many more!

We miss you all terribly, and can't wait to be together again!

Keep safe and we will see soon,

Many thanks,

The Year 2 team
