

Summer 2 - Week 6 - Home Learning

Dear Year 3 children,

What a fantastic week we had last week! Well done to those of you who managed to take part in Miss McGowan's Virtual Sports Day. Thank you for sharing all your wonderful photos and videos of the day. We were so proud of the way in which you pulled together to support and encourage one another – it was a delight to see!

Please keep sharing your work and different activities on our Google Classroom this week – we love hearing your news! ☺

Maths:

Please practise your times tables at least three times a week by logging on to:
<https://play.trockstars.com/auth/school>

Log on to White Rose Maths: <https://whiterosemaths.com/homelearning/year-3/>
Watch the video before completing the worksheet. (Check how well you did using the answer sheet.)

Session1- Measure Mass (2)

Session2- Compare Mass

Session3- Add & Subtract Mass

Session4- Measure Capacity (2)

Session5- Arithmetic Test (don't rush and remember to show your working out. If you can't print the test, complete it in your notebook or on a piece of paper. Once finished, you can check your answers which are on the last page of each test.)

Remember you can get some more help on each day's topic by going to: <https://www.bbc.co.uk/bitesize/>

Spellings:

Please practise your spellings at least three times a week by logging on to:
<https://www.spellingshed.com/en-gb>

First session - Test (ask a Parent/Carer to read your word, putting it in a sentence, and reading it once more e.g. 'piece, the child ate a piece of fruit at break time, the word is piece.')

Second and third sessions - please complete a spelling activity.

English:

This week, we are looking at Oceans and Marine Life. Animals that live in the oceans are called 'marine' animals.

At the end of the week, we would like you to write a story about a marine animal. Our work closely links in with our Geography and Science – so this may give you further ideas and inspiration for your story! ☺

Be as creative as you would like! We would love to see your finished story. If you are able to take a photo, make a video or upload your story to the Google Classroom, that would be great!

SESSION 1 – *The five oceans.*

SESSION 2 – *Marine life - fish rule!*

SESSION 3 – *Marine life – ocean mammals.*

SESSION 4 – *Story planning*

SESSION 5 – *Writing, editing and illustrating your story.*

Miss McGowan's English group

If you are in Miss McGowan's English group, she has written you a letter detailing your English and reading work and has set you tasks to complete throughout the week. Please open the folder and you will find everything you need there.

Mrs Goodyear's phonics and/or handwriting groups

If you are in Mrs. Goodyear's handwriting group, she has set you a task to complete for practising your handwriting.

Reading

We have set three reading sessions to be completed in the week.

This week, you will be reading information about 'A Pirate's Life' and will have questions to complete based on what you've read. An answer sheet is provided for you to mark your work.

Wider Curriculum Activities – Geography & Science (GeoScience):

As part of our project on Water, we would like you to learn about Oceans & Marine Life (marine = ocean or sea).

SESSION 1 – *The five oceans, ocean currents & ocean quiz.*

SESSION 2 – *Labelling the five oceans – world map template.*

SESSION 3 – *Ocean layers.*

SESSION 4 – *Ocean creatures.*

SESSION 5 – *Who eats whom? Ocean food chains.*

Other recommendations:

We recommend that you keep some routine to your day as this will help you when you return to school. As part of your routine/timetable, please try to include regular exercise. Why not try Miss. McGowan's Personal P.E. Challenges? You will find them under 'Exercise Programmes' on your Google Classroom.

Please do let us know how you get on – we would love to know!

Best wishes from

Mrs Binnie, Miss Bannister, Miss McGowan, Mrs Goodyear and Mrs Collett ☺
The Year 3 Team
