### Using capital letters correctly Task 1

1. Read the extract of the non-chronological report below.

chameleons live in africa and on the island of madagascar, although a few species live in india and europe. The chameleon is well known for changing its colour. Have you heard that a chameleon changes its colour to match its surrounding? This isn't really true. some chameleons change their colour to hide themselves but others change their colour depending on how they're feeling. chameloens have some of the most fantastic colours of any reptiles. As well as this, they have Bumpy scales and fringe on their bodies.

2. After reading the extract, **check** that **capital letters** have been used correctly and **choose** where changes have to be made.

**Make the changes** by rewriting out the extract ensuring that all **capital letters** are correct.
