

Summer 2 - Week 3 - Home Learning

Dear Year 4 children,

Welcome to Week 3! This week, we are continuing with our theme of 'Water'. We have received some wonderful feedback about this topic and the work you have shared with us has been fantastic – thank you!

Please keep sharing your work and let us know what you have been doing this week. We love hearing your news! 😊

On Tuesday 16th June, Soccer Aid was due to take place but like many events has been postponed this year. Over the last 12 years, Soccer Aid has raised over £30 million enabling UNICEF to help children everywhere grow up happy, healthy and able to play. This week, we have chosen to base our reading lessons around 'Football' – we hope you enjoy learning more about the history of the game.

Maths:

Please practise your times tables at least three times a week by logging on to:

<https://play.ttrockstars.com/auth/school>

Log on to White Rose Maths: <https://whiterosemaths.com/homelearning/year-4/>

Watch the video before completing the worksheet. (Check how well you did using the answer sheet.)

Session1- write decimals

Session2- compare decimals

Session3- order decimals

Session4- round decimals

Session5- Maths Challenge

Remember you can get some more help on each day's topic by going to: <https://www.bbc.co.uk/bitesize/>
You may also wish to complete an **arithmetic test** on Friday.

Spellings:

Please practise your spellings at least three times a week by logging on to:

<https://www.spellingshed.com/en-gb>

First session - Test (ask a Parent/Carer to read your word, putting it in a sentence, and reading it once more e.g. 'piece, the child ate a piece of fruit at break time, the word is piece.')

Second and third sessions - please complete a spelling activity.

English:

As part of our project on Water, this week we will be looking at the creative power of water. We will look at hydro-electric, tidal and wave power. We will create a fact file showing how electricity is generated using diagrams.

We would love to see and read your fact files. If you are able to take a photo or upload your fact file to Google Classrooms, that would be great!

SESSION 1 – *Water power*

SESSION 2 – *Using water to turn on the lights*

SESSION 3 – *Hydro-electric, tidal and wave power*

SESSION 4 – *Fact file decisions*

SESSION 5 – *Producing and editing your fact file.*

Reading

We have set three Reading sessions to be completed in the week.

This week, you will be reading information about 'Football' and will have questions to complete based on what you've read. An answer sheet is provided for you to mark your work.

Mrs Goodyear's handwriting group:

If you are in Mrs Goodyear's handwriting group, she has set you a task to complete for practising your handwriting.

Wider Curriculum Activities (Science):

Our project for this term is 'Water'. In this week's science activities, we would like you to learn about water power.

SESSION 1 – *How do we make electricity? – video*

SESSION 2 – *Devising an experiment*

SESSION 3 – *Prediction*

SESSION 4 – *Carrying out your experiment*

SESSION 5 – *Conclusions*

Other recommendations:

We recommend that you keep some routine to your day as this will help you when you return to school. As part of your routine/timetable, please try to include regular exercise. Why not try Miss. McGowan's Personal P.E. Challenges? You will find them under 'Exercise Programmes' on your Google Classroom.

Please do let us know how you get on – we would love to know!

Have a great week!

Best Wishes from

Mrs. Binnie & Miss. Robertson ☺
The Yr4 Team
