

## Writing - Summer 1 Week 4 - Home Learning

### Session 2

In session 1, you looked at combining settings with abstract nouns. Today, you will use that learning to judge which of your ideas stood out as being the best and using these to create some work.

How to share your work:

- Write your answers into your exercise book and take a picture of your work.
- Type your answers directly into the boxes on this page or use Google Docs to edit.

Once you've completed the work, submit your work to Google Classroom following this set of instructions:

1. Go to [classroom.google.com](https://classroom.google.com)
2. Click the class - Classwork - the assignment.
3. To attach an item, click 'Add or create' and select 'Google Drive', 'Link' or 'File' depending on what type of file you have created.
4. The status of your work will change to 'Turned in'.

## Judging Your Ideas

Read your ideas from session 1 out loud to listen to the effect the titles have on the ear. Which ones might surprise your reader? Which ones have you never heard before? Which ones immediately conjure up an image in your mind's eye?

Now that you've completed that, pick your top 10 combinations and write them below:

## List Poem

Now that you've looked at lots of combinations, have a go at writing a simple poem using your favourite 10 or so ideas. They could be around a theme (e.g. space, happiness, darkness) or just the combinations that really caught your eye. Why not add some illustrations to accompany your list poem? Have a look at the example below and then write your own beneath it:

### **Space**

The planet of doom  
The star of freedom  
The black hole of light  
The moon of isolation  
The galaxy of hope  
The universe of infinity  
The sun or nightmares  
The solar system of confusion.
