

## Writing - Summer 1 Week 4 - Home Learning

### Session 5

A nice easy end to the working week. Today, you will be learning about juxtaposition and using this to get creative.

How to share your work:

- Write your answers into your exercise book and take a picture of your work.
- Type your answers directly into the boxes on this page or use Google Docs to edit.

Once you've completed the work, submit your work to Google Classroom following this set of instructions:

1. Go to [classroom.google.com](https://classroom.google.com)
2. Click the class - Classwork - the assignment.
3. To attach an item, click 'Add or create' and select 'Google Drive', 'Link' or 'File' depending on what type of file you have created.
4. The status of your work will change to 'Turned in'.

## Juxtaposition

### What is 'juxtaposition'?

Juxtaposition means having two opposite or contrasting ideas next to each other. This can surprise the reader as they might not be expecting it or have never heard it before.

The combination 'The City of Silence' is an example of juxtaposition because a city is not normally silent but instead is full of noise. Here are a couple more ideas to help you think of your own:

The sun of darkness.

The cave of dreams.

Today, see how many examples you can come up with that use juxtaposition. Try to get at least 15 (ask your family if you need some help with it):
