

Topic - Summer 2 Week 1 - Home Learning

Session 5

Today, you are going to either extend your ideas or advertise your exhibition. If you have lots more ideas, then please come up with more exhibits and ways of making your exhibition interesting and fun. You can draw exhibits like you did yesterday, or describe different ideas you may have. You could think about things to sell in a gift shop that are linked to your exhibition – draw them and share a price.

You also need to advertise your exhibition. Can you design a poster which would really grab someone's attention, or a whole information leaflet? Would people need to buy a ticket for your exhibition and if so, what would that look like? Once again, get creative! Make your designs bright and bold and appealing. Take pictures and upload them to Google Classroom or enter ideas in the space below.

How to share your work:

- Write/draw your ideas into your exercise book and take a picture of your work.
- Create a PowerPoint with your ideas on.
- Write ideas directly into this Word Document and draw images elsewhere.
- Use pen and paper.

Once you've completed the work, submit your work to Google Classroom following this set of instructions:

1. Go to classroom.google.com
2. Click the class - Classwork - the assignment.
3. To attach an item, click 'Add or create' and select 'Google Drive', 'Link' or 'File' depending on what type of file you have created.
4. The status of your work will change to 'Turned in'.
