- This test lasts for 45 minutes and requires short answer questions, including some multiple choice.
- Marks for these two tests are added together to give a total for Spelling, Punctuation and Grammar (out of 70).

Reading

- The reading test consists of a single test paper with three unrelated reading texts.
- Children are given 60 minutes in total, which includes reading the texts and answering the questions.
- A total of 50 marks are available.
- Questions are designed to assess the comprehension and understanding of a child's reading.
- Some questions are multiple choice or selected response, others require short answers and some require an extended response or explanation.

Maths

- Children will sit three tests: Paper 1, Paper 2 and Paper 3.
- Paper 1 is for 'Arithmetic', lasting for 30 minutes, covering calculation methods for all operations, including use of fractions, percentages and decimals.
- Papers 2 and 3 cover 'Problem Solving and Reasoning', each lasting for 40 minutes.
- Pupils will still require calculation skills but will need to answer questions in context and decide what is required to find a solution. Children are tested on maths knowledge from the Year 3-6 curriculum throughout these tests.
- The scores of these three tests are added together to give a final mark and are out of 110.

KS1

- Will be administered in small groups.
- Some children will do the tests 1:1.
