# Groups

The children will be in four groups for activities, but every child will do every activity on the timetable.

The children have all chosen who they would like to share with. They have all definitely got at least one friend or more in their group/room.

Teacher's rooms are on the same floor as the children and the children will all be shown where these rooms are.

# Updates

We will keep you up to date with your child's adventure via Seesaw. We will upload photos everyday of what the children are doing.

If you need to get in contact with us, then this can be done through the school office.
