

Year 1
Autumn 2

Topic Out of this World

In this unit, the children will:

- In Geography, we will learn about continents and oceans.
- In History, we will learn about the past and present of space travel.
- In DT, we will learn to join parts together to make a rocket.

Key facts

- In Geography, we will learn to name and locate the 7 continents and 5 oceans, as well as recalling facts about each place and defining any human and physical features we can find there.
- In History, we will learn to place key moments of space travel in chronological order on a timeline. We will learn about significant figures from the history of travel including Neil Armstrong and the Wright Brothers.
- In DT, we will learn different ways of joining materials. We will use this knowledge to build and evaluate our own rocket ships
