

Year 1  
Spring 2

## Topic Time Travellers

### In this unit, the children will:

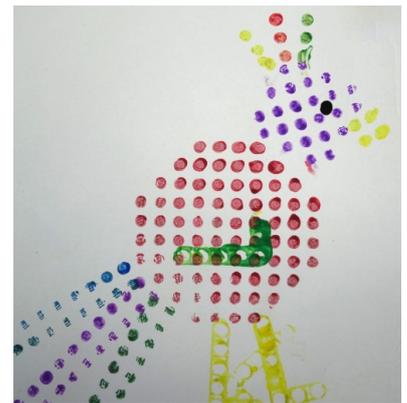

- In Geography, we will recap our learning on the continents and oceans.
- In History, we will be looking at comparing old and new toys.
- In Art, we will be learning to print using Lego bricks.

### Key facts

- In Geography, we will recap our learning about the 7 continents and 5 oceans using atlases. We will learn how to use the index and contents page, as well as discussing the different features of the different continents in the world.
- In History, we will learn about how toys have changed over time. What toys did our grandparents play with? How do they differ from the toys we like to play with now? We will be discussing the features of the toys and the materials they are made from to link with our science topic 'Materials'.
- In Art, we will learn to print by mixing paints and building a Lego brick picture to press onto the page. We will discuss rotation and how we can make the Lego bricks print differently on the page.

### Key Vocabulary

continents, countries, Europe, Africa, N America, S America, Antarctica, Asia, Australia, atlas, toys, past, present, compare, print, mix, paint, pattern, colours.

### What came before:

Year 1, Spring 1 'Time Travellers'

### What comes next:

Year 2, 'London's Burning'
